Social Media Do’s and Don’ts for Collage Students

Do’s

1. Do keep your profile picture and bio professional on platforms like LinkedIn and GitHub -recruiters and internship coordinators often check these before interviewers.
2. Do think before you post -ask yourself: “Would I be comfortable if my professor, parent or future employer saw this?”
3. Do use privacy settings on personal platforms such as Instagram, Snapchat to control who can see your content.
4. Do give proper credit when sharing someone else work, image or writing -this respects intellectual property.
5. Do report cyber bullying, hate speech or harmful content using the platform’s build in reporting tools.

Don’ts

1. Don’t share your personal details publicly -avoid posting your phone number, home address or college ID on social media.

2. Don’t post or repost content without verifying it is accurate spreading misinformation even unintentionally can damage your reputation.
3. Don’t engage in or ignore cyber bullying whether as a target bystander or participant all three roles carry consequences.
4. Don’t use social media too went about professors classmates or institutions such posts are difficult to delete permanently and can affect your academic and professional standing
5. Don’t click on links in unknown socialized direct messages even from accounts that appear familiar this is a common method used to spread phishing attacks through social platforms.
